RF/Coax Cable Assemblies

400 Series

SMA/Male-SMA/Male

Description

- LMR-400-FR
- Flame Retardant Indoor/Outdoor Jacket
- Pre-Terminated with SMA Connectors
- Custom Lengths Available

The AFC17ROC099XXXFK series of pre-terminated coax cable assemblies are built using LMR-400-FR cable. The jacket is flame retardant and rated for indoor/outdoor use. Amerifiber's Coaxial RF cables are made in the USA and are assembled using high quality, name brand components. Each cable is stripped and terminated per factory specifications and then fully tested to ensure continuity and function. All cable assemblies carry a full lifetime warranty against defects. Custom lengths and configurations are available on request. Call us today for pricing and availability.
